James G. McAdams, III - Secretary Dr. Ray Isenburg - Treasurer

Frontline For Kids
33 Virginia Park Blvd
Fort Pierce, FL 34947

March 4, 2004

Subject: Letter of Support and Collaboration

The Weed and Seed of St. Lucie County strongly supports the Frontline For Kids Program. Frontline is one of our strongest SEED programs and is housed at one of our "Safe Havens," Lincoln Park Academy.

Weed and Seed of St. Lucie County will work diligently together with the School Board of St. Lucie County and all other service providers to continue to provide all the necessary in-kind services possible for Frontline to provide the critical care in the northwest section of our city.

Weed and Seed of St. Lucie County is pleased to write this letter of support for the Frontline For Kids Program. Frontline is a vital and needed community based organization that both enhances and supports academic and character education of the at-risk youth and their families in the northwest section of Fort Pierce.

We look forward to a fantastic year for our SEED initiatives.

Sincerely,

Mary Alice Bennett, Executive Director
